THE HEIR TO CASTLE WIGFALL

by Anna Setic

Episode 654 of our historical romance.

•THE STORY SO FAR•

Anna Plebston has taken a job as nanny to the thirteen children of Lord Wigfall. Although she has only been employed for three minutes, Anna can already feel herself failing for the brooding, enigmatic Lord, who seems to hide the memory of a haunting tragedy beneath his facade of foul temper and mindless violence. Now read on

My, the little darlings are in high spirits today," thought Anna, as she ran across the playroom to prevent Sebastian and Jeremy pulling the legs off the family's pet mouse. Barely had she rescued the distraught animal, by gently knocking the exuberant twins unconscious with a handy bed-warming pan, than she had another crisis to cope with. Behind the tapestry in the far corner, Sally and Jemima, the mischievous younger girls, were performing a Voodoo ritual involving human sacrifice, and were playfully brandishing large sabres at their baby brother Henry.

Crisis was averted, however, by the entrance of Lord Wigsall, who addressed the children in his usual fatherly manner. 'You soul brats are dismissed!' he barked. 'Leave your childish amusements and get outside and lick the portaculis clean!'

He herded them out of the door with kicks and oaths, playfully tossing any stragglers out of the window to land in the moat below.

'I desired a word with you, Anna', said Lord Wigfall when the brats had left. His brooding eyes pierced hers with a long brooding glance. 'For long minutes now, I have felt a strange warmth towards you growing in my breast. I thought at first it was indigestion, but now I realise that ... I am in love with you, said'

'Blimey,' Anna breathed
breathlessly.

'I would ask you to marry me,' he went on, 'but there is something that may come between us. It is time you knew of the haunting tragedy that haunts me. It concerns my first wife, the mother of my reptiles...er, children, who died last year' (Anna had wondered why she had not seen Lady Wigfall around the castle. Anna had assumed that the Lady had popped out to the shops).

Lord Vigfall continued, 'My wife died in tragic circumstances. We were driving in a horse and carriage ... I drove too fast ... the carriage hit a bump ... she was pitched headlong into the bushes ... and ... was unfortunately eaten by a lion recently escaped from the zoo.' His voice became a little hoarse. 'Whinney, whinney,' he sobbed.

'And now you blame yourself for the tragedy, and feel that you dare not marry again, lest your new wife suffers a similar mishap?' queried Anna.

'Oh, no, I couldn't care less about that. I hated my wife

anyway. It's just that the shock of the accident..." he went on, putting his hand to the curly black locks that tumbled over his forehead... and lifting them off! "...made all my hair fall out! Can you love a man who has been living a lie."

The world spun around, and Anna fell into a dead swoon.

THE SECRET IS OUT! CAN ANNA LIVE WITH A HAIRLESS HEIR? CAN THEY SMOOTH OVER THE PROBLEM, OR MUST THEY PART? COMB YOUR NEWSAGENT'S FOR OUR NEXT HAIR-RAISING ISSUE!

RUSSELL GRUNT'S LOVE HOGOSCOPES

Hello, my loves! The world of love and romance is wild and unpredictable, but astrology can help (a 'sirology' is a kind of big stick used for hitting wild and unpredictable people). Failing that, you could consult the stars...

PISCES THE HADDOCK

[Feb 20 – Mar 20]
You can be a slippery customer, but when it comes to love you're easily hooked. The star-sign of your ideal partner is 'Norman the Cabbage', as these people have no sense of smell.

CECIL THE CRAB

(June 22 – July 22)
Don't get side-tracked into a shellfish relationship. A romance with another crab could be offered to you on a plate, but you might not find it to your taste. You might have to settle for a little Cabbage on the side.

LEO THE LIAR

(July 23 – Aug 23)
You'll meet someone stunningly attractive and rich, and have a beautiful romance with them. They buy you a yacht, a car, a tropical holiday and a sweet factory. Then you'll wake up and find yourself married to a Cabbage.

BERKO THE BERR

BEARO THE BEAR
(Aug 24 - Sep 23)
You're so dim that only a 'Norman the Cabbage' would go out with you.

LIBRO THE SNAIL

(Sep 24 - Oct 23)
Avoid relationships with French people ... they'll only try to butter you up (and put you between two slices of bread). A relationship with a 'Norman the Cabbage' will give you a romance to get your teeth into.

CAPRICORN THE

MORON (Dec 22 - Jan 20)
You are dull, boring, mindless, and unpopular. Your ideal partner will be very similar to you... look out for romance with someone wearing a striped apron and a silly straw hat. Or try a Cabbage.

NORMAN THE CABBAGE

NOPE IN THE CABBAGE
(Nov 23 – Dec 21)
You two-timing creep. You will be thrown in jail for bigamy.

ARE YOU A FOOL FOR LOVE?

That may be called love can put anyone in a spin. Can you handle it or do your emotions make you act foolishly? Find out with this special 'Oink Valentine Quiz'.

1. You want to ask someone you fancy to go to the pictures with you. Do you?
A. Yes, a car to decide whether you should?
B. A short thought every now, know you're irresistible?
C. Hit them over the head with a big stick and struggle them into the cinema in a large netball?
2. You see the person you love holding hands with their worst enemy. Do you?
A. Worry about your bad breath?
B. Play it cool. After all, there are plenty more fish in the sea? (Though why you should want to go on with a life is beyond me!)
C. Stick your head in a basket of cold custard to drown your sorrows?
3. Your classmate laughs at you. Do you?
A. Get any Valentine cards. Do you?
B. Worry about your curly hair?
C. Tell them that seriously attractive people don't mind the slightest suggestion of possible lovers if affection doesn't buy a dictionary to work out what you just said?
4. You want to ring up the person you fancy, but you've forgotten the phone number. Do you?
A. Worry about your own stupidity?
B. Phone Directory Services?
C. Dial the last number that comes into your head and declare you love to whoever answers, even if it turns out to be the cleaner at the local soap factory?
5. It's your loved one's birthday. Do you?
A. Forget to send a card, since you're too busy worrying whether you can afford a present?
B. Buy a nice box of chocolates and present it with pride?
C. Dress up in thermal underwear and a false mustache and shout 'Vegetarian for 'Sugar Daddies' through the house door. (Just realise that you're at the wrong house?)
6. Your loved one's entire family are moving to another town. Do you?
A. Start to write every day, then worry when you 'ain't typed properly'?
7. Confess, because if you give the chance to get too into someone else?
C. Paint your nose black. It's a rug stained yourself, and you go to live in a dog-holed in their garden?

HOW DID YOU SCORE?

IF YOU ANSWERED MOSTLY (A): You are a bit to worry so much that love, spending if you don't know where you're in, and a divorce. **MOSTLY (B):** If you are a fool to waste so much time and space how can you be in a stupid situation that this one. **MOSTLY (C):** You are a complete fool. You may not be much of a lover, but there's a great future for you in international diplomacy or presenting children's T.V. programmes.
